COMMUNITY FIRST CHOICE Policy Manual	Section: CFC/PAS Person Centered Planning
	Subject: Person-Centered Planning Form Instructions (SLTC-200)

PURPOSE

The CFC/PAS Person Centered Planning (PCP) Form (SLTC-200) documents the member's goals, services, strengths, needs, preferences and supports through a PCP process. This form provides documentation in the Plan Facilitator and provider agency record that the PCP process was completed.

PROCEDURE

The Plan Facilitator develops and completes the PCP form. This form must be completed initially and annually or when a significant change occurs.

The person centered planning process includes the pre-planning documents that must be sent to the individual prior to scheduling the planning meeting. These forms are included in the Community First Choice and Personal Assistance (CFC/PAS) Handbook which includes:

- Information on person centered planning
- Member's Rights and Responsibilities
- Plan Facilitator Responsibilities
- Advocacy Resource Guide
- Conflict Resolution and Grievance Procedures

Prior to completing the PCP form, the Plan Facilitators will review the Handbook information with the individual in order to answer any questions they may have.

Note: Case Manager Plan Facilitator should review the member's waiver service plan for goals, preferences, back-up plans, etc. If sections on this form are relevant to the waiver service plan, the Plan Facilitator (with agreement of member) may choose to reference the relevant section on the CFC/PAS PCP form. If the Case Manager
